European WINE CELLARS

Red Wine Special

Since 1979 European Wine Cellars has been offering quality imported wines and liqueurs to our Australian customers.

You will not find our wines on any Liquor store shelf. We have always, and continue today, to source our products directly from niche producers and suppliers.

This approach allows us to offer a range of wines and spirits that is both traditional for those that prefer, and leading edge, for those customers that look for the latest trends.

To celebrate our new website going live we have put together this package to allow new customers to experience some of the excellent wines we have to offer.

Included in this deal are 2 each of the following wines:

- **Dornfelder Lieblich** 2010 (Pfalz, Germany)
- **Toscanello Sangiovese** 2009 (Toscana, Italy)
- **Andes Cabernet Sauvignon** 2009 (Valle Central, Chile)
- **Cordici Ferrini Nero D'Avola** 2008 (Sicily)
- **Donauherbst Blaufränkisch** Lieblich 2008 (Hungary)
- **Kadarka** (Macedonia)
